InfoGenesis® FLEX

LOOKING TO TAKE YOUR POS MOBILE?

Get your hands on full–featured mobile POS experience.

You're under pressure to differentiate guest service from your competitors.

Combine this with the fact that guest expectations continue to increase with a growing population that demands greater convenience. In fact, according to a recent Forrester Research report, consumers will own 257 million smartphones and 126 million tablets by 2016. And that's just in the U.S.

Serving this population in a more meaningful and quicker fashion is where InfoGenesis® Flex shines. Whether you're serving dozens of guests or thousands, you succeed in your business because you appreciate the value of every single relationship. POS mobility helps forge those lasting relationships with your guests.

Let InfoGenesis Flex, the leader in POS mobility, do the work for you.

Boost guest spending with mobile tablets that facilitate order placement and payment acceptance without ever leaving your guests. Servers are readily available to satisfy guest's immediate requests while providing faster service.

Accommodate more guests when you augment stationary terminals with mobile alternatives using the same unlimited POS functionality. And with broad temperature tolerance, drop and shock resistance and long battery life, you're always ready to take more orders.

Unprecedented payment security with PCI-validated P2PE (point-to-point encryption) when integrated with rGuest® Pay.

24/7 access to advanced support from an established industry leader who has a reputation for quality and a proven track record of exceptional customer service.

Transform Your POS Revenue

InfoGenesis Flex keeps revenue flowing in your most demanding, highest-volume environments, with no performance loss.

- Streamlined operational management working from virtually anywhere with complete access to all InfoGenesis tools and reports, even when you're not on the floor.
- Grow at your own pace. Scale to hundreds of full-featured POS tablets in a single location.
- Reliable signature capture right on the tablet.
- Consistent interfaces allow staff to switch seamlessly from terminals to tablets, and back again, without missing a beat.

Full-featured POS in the palm of your hand

Select the easy-to-manage and easy-to-access tablet options that work best for you. No matter your choice, you get the full power of InfoGenesis® POS so servers can cover greater areas in less time, without ever losing touch with guests.

Accommodate More Guests

Bring full POS functionality right to your guests – no matter where they are on property – with the InfoGenesis Flex Series 3 – 8" tablet. Keep guest service operating smoothly with quick, employee ID card login.

A Conventional & Mobile Terminal In One

Choose what works best based on guest flow. The InfoGenesis Flex Series 3 – 10" tablet is equally at home as a traditional, stationary terminal that converts to a mobile service tablet.

Convenient Payment Acceptance

The iSMP Companion is a secure, Bluetooth-capable payment device for use with the InfoGenesis Flex Series 3 - 8" tablet. Designed to operate in harsh environments indoors or out, its lightweight, compact form fits comfortably in your hand or apron pocket.

Mix & Match Mobile POS

Combine your preferred tablet sizes with convertible terminals that become line-busting hand-helds on demand. Add peripherals to InfoGenesis Flex 10" tablet as a fixed terminal alternative for a full-featured mobile POS experience.

- USB cash drawers, scales and scanners
- Terminal stand and case for the 10" tablet
- Charging base for 8" and 10" tablets - and full docking station for 10" tablets
- Secure, validated P2PE (point-to-point encrypted) Bluetooth payment device
