

POWERFUL DATA AT YOUR FINGERTIPS

Increase revenue, reduce costs and run your business more effectively

Put the insight Hotel Managers need in the Palm of their hands.

Agilysys Insight™ Mobile Manager is a mobile dashboard application that allows hotel managers to view key information about the property quickly and easily from a tablet or mobile device. The application contains 11 panels of strategically organized data elements, including arrivals, departures, VIPs, total guests, rooms booked, house status, housekeeping, revenue, groups, group rooms remaining and reservation summary. Users simply tap on each panel to drill down and obtain information that is more detailed.
