

EVERY BUSINESS IS AT RISK OF A DATA BREACH¹

Are you at greater risk?

Average annual costs

of a **PCI AUDIT**

\$225,000²

Average cost

of a **DATA BREACH**

\$3.5 MILLION³

According to a recent report by the NRF and Forrester Research, CIOs agree that security is their top priority for 2015.

You can't become a security expert overnight, but you can manage risk and protect your guests.

There is a solution with Proven Savings! Leverage the industry's first payment gateway that minimizes your risk of a data breach and produces significant savings*.

NO transaction fees • NO surprises • NO MID fees

**Ask your representative about the ROI Calculator.*

- **Increase guest confidence and loyalty** using North America's only PCI-validated, NFC-ready, and P2PE (point-to-point encrypted) payment gateway, the utmost protection for your credit card transactions.
- **Become EMV-ready** with no need to change processors or outlay a significant investment. Don't wait until card-present fraud becomes your responsibility.

The past few years of cybercrime have brought to light the importance of safeguarding cardholder data. Protect your investment and your reputation with rGuest® Pay Gateway, the only solution that delivers top-of-the-line security protection for your all credit card payment transactions.

There's never been a better time to protect your investment – and your reputation – from a damaging data breach.
