ANNUAL MEETING INFORMATION

General Information

This Proxy Statement and the enclosed proxy card are being provided in connection with the solicitation by the board of directors of Agilysys, Inc., an Ohio Corporation (“Agilysys,” the “Company,” “we,” “our,” or “us”), to be used at the Annual Meeting of Shareholders to be held on August 9, 2018, and any adjournments or postponements of the Annual Meeting. The Annual Meeting will be held at 8:00 a.m., local time, at the Company’s offices at 5383 Hollister Avenue, Suite 120, Santa Barbara, California 93111. Our principal executive office is located at 1000 Windward Concourse, Suite 250, Alpharetta, Georgia 30005. The purposes of the Annual Meeting are stated in the accompanying Notice. This Proxy Statement, the enclosed proxy card, and our Annual Report on Form 10-K for the fiscal year ended March 31, 2018 (“2018 Annual Report”), are first being mailed to shareholders and made available electronically on our website at www.agilysys.com beginning on or about July 12, 2018.

Record Date, Voting Shares, and Quorum

Shareholders of record of our common shares at the close of business on June 25, 2018, the “Record Date,” are entitled to notice of and to vote their shares at the Annual Meeting, or any adjournment or postponement of the Annual Meeting. On the Record Date, there were 23,577,684 common shares outstanding and entitled to vote at the Annual Meeting. Each share is entitled to one vote. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the common shares outstanding at the close of business on the Record Date will constitute a quorum for the transaction of business at the Annual Meeting. We will include abstentions and broker non-votes in the number of common shares present at the Annual Meeting for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares. Our common shares are listed on the NASDAQ Global Select Market under the symbol “AGYS.” References within this Proxy Statement to our common shares or shares refer to our common shares, without par value, the only class of securities entitled to vote at the Annual Meeting.

How to Vote

If you are the record holder of common shares, you or your duly authorized agent may vote by completing and returning the enclosed proxy card in the envelope provided. This year, you may also vote by telephone or internet. Telephone and Internet voting information is provided on your proxy card. A control number, located on the proxy card, is designed to verify your identity, allow you to vote your shares, and confirm that your voting instructions have been properly recorded. Please note the deadlines for voting by telephone, internet, and proxy card as set forth on the proxy card. If you vote by telephone or internet, you need not return your proxy card. You may also attend the Annual Meeting and vote in person; however, we encourage you to vote your shares in advance of the Annual Meeting even if you plan on attending. If your common shares are held by a bank or broker, or any other nominee, you must follow the voting instructions provided to you by the bank, broker, or nominee. Although most banks and brokers offer voting by mail, telephone, and the internet, availability and specific procedures will depend on their voting arrangements.

Unless revoked, common shares represented by a properly signed and returned proxy card (or other valid form of

proxy), or as instructed via telephone or internet, received in time for voting will be voted as instructed. If your proxy card is signed and returned with no instructions given, the persons designated as proxy holders on the proxy card will vote as follows:

- FOR the election of each director nominee named herein (proposal 1);
- FOR the approval, on a non-binding advisory basis, of the compensation of our named executive officers (proposal 2); and
- FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm (proposal 3).

The Company knows of no other matters scheduled to come before the Annual Meeting. If any other business is properly brought before the Annual Meeting, your proxy gives discretionary authority to the proxy holders with respect to such business, and the proxy holders intend to vote the proxy as recommended by our board of directors with regard to any such business, or, if no such recommendation is given, the proxy holders will vote in their own discretion.

Revocability of Proxies

You may revoke or change your vote at any time before the final vote on the matter is taken at the Annual Meeting by submitting to our Secretary a notice of revocation or by timely delivery of a valid, later-dated, duly executed proxy by mail, telephone, or internet. You may also revoke or change your vote by attending the Annual Meeting and voting in person. If your shares are held by a bank, broker, or other nominee, you must contact the bank, broker, or nominee and follow their instructions for revoking or changing your vote.

Vote Required, Abstentions, and Broker Non-Votes

If a quorum is present at the Annual Meeting, the nominees named herein for election as directors in proposal 1 will be elected if they receive the greatest number of votes cast at the Annual Meeting present in person or represented by proxy and entitled to vote. Abstentions will have no effect on the election of directors.

For proposal 2 (advisory vote on named executive officer compensation) and proposal 3 (ratification of independent registered public accounting firm), if a quorum is present, the affirmative vote of the holders of shares representing a majority of the common shares present in person or represented by proxy and entitled to vote will be required to approve each proposal. The effect of an abstention is the same as a vote against each proposal. If you hold your shares in street name and do not give your broker or nominee instruction as to how to vote your shares with respect to proposals 2 and 3, your broker or nominee will not have discretionary authority to vote your shares on proposals 2 and 3. These broker non-votes will have no effect on proposals 2 and 3.

Cumulative Voting

Each shareholder has the right to vote cumulatively in the election of directors if the shareholder gives written notice not less than 48 hours before the Annual Meeting commences to our Chief Executive Officer or Secretary that he, she, or it wants its voting for the election of directors to be cumulative. In such event, the shareholder giving notice, or a representative of such shareholder, the Chairman, or the Secretary, will make an announcement about such notice at the start of the Annual Meeting. Cumulative voting means that the shareholder may cumulate his, her, or its voting power for the election of directors by distributing a number of votes, determined by multiplying the number of directors to be elected at the Annual Meeting times the number of such shareholder's shares. The shareholder may distribute all of the votes to one individual director nominee or distribute the votes among two or more director nominees, as the shareholder chooses. In the event of cumulative voting, unless contrary instructions are received, the persons named in the enclosed proxy will vote the shares represented by valid proxies on a cumulative basis for the election of the nominees named herein, allocating the votes among the nominees in accordance with their discretion.

Proxy Solicitation

The cost of solicitation of proxies, including the cost of preparing, assembling, and mailing the Notice, Proxy

Statement, and proxy card, will be borne by us. In addition to solicitation by mail, arrangements may be made with brokerage houses and other custodians, nominees, and fiduciaries to send proxy materials to their principals, and we may reimburse them for their expenses in so doing. Our officers, directors, and employees may, without additional compensation, personally or by other appropriate means request the return of proxies.

Attending the Annual Meeting

All holders of our common shares at the close of business on the Record Date, or their duly appointed proxies, are authorized to attend the Annual Meeting. Cameras, recording devices, and other electronic devices will not be permitted at the Annual Meeting. If you hold your common shares through a bank, broker, or other nominee, you will need to bring a copy of the brokerage statement reflecting your share ownership as of the Record Date, or a legal proxy from your bank or broker, to attend the meeting.

Voting Results

Preliminary voting results will be announced at the Annual Meeting. Within four business days following the Annual Meeting, final results, or preliminary results if final results are unknown, will be announced on a Form 8-K filed with the Securities and Exchange Commission (“SEC”). If preliminary results are announced, final results will be announced on a Form 8-K filed with the SEC within four business days after the final results are known.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Corporate Governance Guidelines (the “Guidelines”) adopted by our board of directors are intended to provide a sound framework to assist the board of directors in fulfilling its responsibilities to shareholders. Under the Guidelines, the board of directors exercises its role in overseeing the Company by electing qualified and competent officers and by monitoring the performance of the Company. The Guidelines state that the board of directors and its committees exercise oversight of executive officer compensation and director compensation, succession planning, director nominations, corporate governance, financial accounting and reporting, internal controls, strategic and operational issues, and compliance with laws and regulations. The Guidelines also state the board of directors’ policy regarding eligibility for the board of directors, including director independence and qualifications for director candidates, events that require resignation from the board of directors, service on other public company boards of directors, and stock ownership guidelines. The Nominating and Corporate Governance Committee annually reviews the Guidelines and makes recommendations for changes to the board of directors. The Guidelines are available on our website at www.agilysys.com, under Investor Relations.

Code of Business Conduct

The Code of Business Conduct adopted by our board of directors applies to all directors, officers, and employees of the Company, as well as certain third parties, and incorporates additional ethics standards applicable to our Chief Executive Officer, Chief Financial Officer, and other senior financial officers of the Company, and any person performing a similar function. The Code of Business Conduct is reviewed annually by the Audit Committee, and

recommendations for change are submitted to the board of directors for approval. The Code of Business Conduct is available on our website at www.agilysys.com, under Investor Relations. The Company has in place a reporting hotline available for use by all employees and third-parties, as described in the Code of Business Conduct. Any employee or third-party can anonymously report potential violations of the Code of Business Conduct through the hotline, which is managed by an independent third party. Reported violations are promptly reported to and investigated by the Company. Reported violations are addressed by the Company and, if related to accounting, internal accounting controls, or auditing matters, the Audit Committee. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ listing standards concerning any amendments to, or waivers from, any provision of the Code of Business Conduct.

Director Independence

NASDAQ listing standards provide that at least a majority of the members of the board of directors must be independent, meaning free of any material relationship with the Company, other than his relationship as a director. The Guidelines state that the board of directors should consist of a substantial majority of independent directors. A director is not independent if he fails to satisfy the standards for director independence under NASDAQ listing standards, the rules of the SEC, and any other applicable laws, rules, and regulations. During the board of directors' annual review of director independence, the board of directors considers transactions, relationships, and arrangements, if any, between each director or a director's immediate family members and the Company or its management. In May 2018, the board of directors performed its annual director independence review and, as a result, determined that each of Donald Colvin, Jerry Jones, Michael A. Kaufman, Melvin Keating, Keith M. Kolerus, and John Mutch qualify as independent directors. Ramesh Srinivasan is not independent because of his service as President and CEO of the Company.

Director Attendance

The board of directors held six meetings during fiscal year 2018, and no director attended less than 75% of the aggregate of the total number of board of director meetings and meetings held by committees of the board of directors on which he served. Independent directors meet regularly in executive session at board of director and committee meetings, and executive sessions are chaired by the chairman of the board or by the appropriate committee chairman. It is the board of directors' policy that all of its members attend the Annual Meeting of Shareholders absent exceptional cause. All of the Directors attended the 2017 Annual Meeting.

Shareholder Communication with Directors

Shareholders and others who wish to communicate with the board of directors as a whole, or with any individual director, may do so by sending a written communication to such director(s) in care of our Secretary at our Alpharetta, Georgia office address, and our Secretary will forward the communication to the specified director(s).

Committees of the Board

During fiscal year 2018, the board of directors had three standing committees: Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. Mr. Srinivasan is not a member of any committee. At the end of the fiscal year and as of July 6, 2018, the members and chairman of each committee were as follows:

Director	Audit	Compensation	Nominating and Corporate Governance
Donald Colvin*	Chairman		
Jerry Jones	X		X
Michael A. Kaufman		X	Chairman
Melvin Keating		Chairman	X
Keith M. Kolerus		X	X
John Mutch*	X	X	

*Qualifies as an Audit Committee Financial Expert.

Committee Charters. The board of directors has adopted a charter for each committee, and each committee with a charter is responsible for the annual review of its respective charter. Charters for each committee are available on our website at www.agilysys.com, under Investor Relations.

Audit Committee. The Audit Committee held eight meetings during fiscal year 2018. The Audit Committee reviews, with our independent registered public accounting firm, the proposed scope of our annual audits and audit results, as well as interim reviews of quarterly reports; reviews the adequacy of internal financial controls; reviews internal audit functions; is directly responsible for the appointment, determination of compensation, retention, and general oversight of our independent registered public accounting firm; reviews related person transactions; oversees the Company's implementation of its Code of Business Conduct; and reviews any concerns identified by either the internal or external auditors. The board of directors determined that all Audit Committee members are financially literate and independent under NASDAQ listing standards for audit committee members. The board of directors also determined that Messrs. Colvin and Mutch each qualify as an "audit committee financial expert" under SEC rules.

Compensation Committee. The Compensation Committee held five meetings during fiscal year 2018. The purpose of the Compensation Committee is to enhance shareholder value by ensuring that pay available to the board of directors, Chief Executive Officer, and other executive officers enables us to attract and retain high-quality leadership and is consistent with our executive pay philosophy. As part of its responsibility, the Compensation Committee oversees our pay plans and policies; annually reviews and determines all pay, including base salary, annual cash incentive, long-term equity incentive, and retirement and perquisite plans; administers our incentive programs, including establishing performance goals, determining the extent to which performance goals are achieved, and determining awards; administers our equity pay plans, including making grants to our executive officers; and regularly evaluates the effectiveness of the overall executive pay program and evaluates our incentive plans to determine if the plans' measures or goals encourage inappropriate risk-taking by our employees. A more complete description of the Compensation Committee's functions is found in the Compensation Committee Charter. The board of directors determined that all Compensation Committee members are independent under NASDAQ listing standards for compensation committee members.

Our Legal and Human Resources Departments support the Compensation Committee in its work and, in some cases, as a result of delegation of authority by the Compensation Committee, fulfill various functions in administering our pay programs. In addition, the Compensation Committee has the authority to engage the services of outside consultants and advisers to assist it. The Committee engages compensation consultants to perform current market assessments when it believes that such an assessment would inform its decision making with respect to executive compensation. The Compensation Committee did not engage a compensation consultant to advise it in connection with setting compensation for the Named Executive Officers in fiscal year 2018.

Our Chief Executive Officer and General Counsel attend Compensation Committee meetings when executive compensation, Company performance, and individual performance are discussed and evaluated by Compensation Committee members, and they provide their thoughts and recommendations on executive pay issues during these meetings and provide updates on financial performance, industry status, and other factors that may impact executive compensation. Decisions regarding the Chief Executive Officer's compensation were based solely on the Compensation Committee's deliberations, while compensation decisions regarding other executive officers took into consideration recommendations from the Chief Executive Officer. Only Compensation Committee members make decisions on executive officer compensation and approve all outcomes.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee ("Nominating Committee") held four meetings during fiscal year 2018. The board of directors determined that all Nominating Committee members are independent under NASDAQ listing standards. The Nominating Committee assists the board of directors in finding and nominating qualified people for election to the board; reviewing shareholder-recommended nominees; assessing and evaluating the board of directors' effectiveness; and establishing, implementing, and overseeing our governance programs and policies. The Nominating Committee is responsible for reviewing the qualifications of, and recommending to the board of directors, individuals to be nominated for membership on the board of directors. The board of directors has adopted Guidelines for Qualifications and Nomination of Director Candidates ("Nominating Guidelines"), and the Nominating Committee considers nominees using the criteria set forth in the Nominating Guidelines. At a minimum, a director nominee must:

- Be of proven integrity with a record of substantial achievement;
- Have demonstrated ability and sound business judgment based on broad experience;
- Be able and willing to devote the required amount of time to the Company's affairs, including attendance at board of director and committee meetings;
- Be analytical and constructive in the objective appraisal of management's plans and programs;
- Be committed to maximizing shareholder value and building a sound company, long-term;
- Be able to develop a professional working relationship with other directors and contribute to the board or directors' working relationship with senior management of the Company;
- Be able to exercise independent and objective judgment and be free of any conflicts of interest with the Company; and
- Be able to maintain the highest level of confidentiality.

The Nominating Committee considers the foregoing factors, among others, in identifying nominees; however, there is no policy requiring the Nominating Committee to consider the impact of any one factor by itself. The Nominating Committee also will consider the board of directors' current and anticipated needs in terms of number, diversity, specific qualities, expertise, skills, experience, and background. In addition, the Corporate Governance Guidelines state that the board of directors should have a balanced membership, with diverse representation of relevant areas of experience, expertise, and backgrounds. The Nominating Committee seeks nominees that collectively will build a capable, responsive, and effective board of directors, prepared to address strategic, oversight, and governance challenges. The Nominating Committee believes that the backgrounds and qualifications of the directors as a group should provide a significant mix of experience, knowledge, and abilities that will enable the board of directors to fulfill its responsibilities.

The Nominating Committee will consider shareholder-recommended nominees for membership on the board of directors. For a shareholder to properly nominate a candidate for election as a director at a meeting of the shareholders, the shareholder must be a shareholder of record at the time the notice of the nomination is given and at the time of the meeting, be entitled to vote at the meeting in the election of directors, and have given timely written notice of the nomination to the Secretary. To be timely, notice must be received by the Secretary, in the case of an annual meeting, not less than 90 days nor more than 120 days prior to the anniversary of the previous year's annual meeting; provided, however, that if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice must be delivered not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th calendar day following the day on which public disclosure of the date of such annual meeting is first made. In the case of a special meeting, timely notice must be received by the Secretary not later than the close of business on the 10th day after the date of such meeting is first publicly disclosed. A shareholder's notice must set forth, as to each candidate:

- Name, age, business address, and residence address of the candidate;
- Principal occupation or employment of the candidate;
- Class and number of shares that are owned of record or beneficially by the candidate;
- Information about the candidate required to be disclosed in a proxy statement complying with the rules and regulations of the SEC;
- Written consent of the candidate to serve as a director if elected and a representation that the candidate does not and will not have any undisclosed voting arrangements with respect to his actions as a director, will comply with the Company's Regulations and all other publicly disclosed corporate governance, conflict of interest, confidentiality, and share ownership and trading policies and Company guidelines;
- Name and address of the shareholder making such nomination and of the beneficial owner, if any, on whose behalf the nomination is made;
- Class and number of shares that are owned of record or beneficially by the shareholder and by any such beneficial owner as of the date of the notice;
- Representation that the shareholder or any such beneficial owner is a holder of record or beneficially of the shares entitled to vote at the meeting and intends to remain so through the date of the meeting;

- Description of any agreement, arrangement, or understanding between or among the shareholder and any such beneficial owner and any other persons (including their names) with respect to such nomination;
- Description of any agreement, arrangement, or understanding in effect as of the date of the shareholder's notice pursuant to which the shareholder, any such beneficial owner, or any other person directly or indirectly has other economic interests in the shares of the Company;
- Representation that the shareholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; and
- Representation whether the shareholder intends to deliver a proxy statement and/or form of proxy to holders of outstanding common shares and/or otherwise to solicit proxies in support of the nomination.

The Nominating Committee may request additional information from such nominee to assist in its evaluation. The Nominating Committee will evaluate any shareholder-recommended nominees in the same way it evaluates nominees recommended by other sources, as described above.

Board Leadership

The board of directors determined that having an independent director serve as chairman of the board is in the best interest of shareholders at this time. The structure ensures a greater role for our independent directors in the oversight of the Company and the active participation in setting agendas and establishing priorities and procedures for the board of directors. Pursuant to the board of directors' Corporate Governance Guidelines, it is our policy that the positions of chairman of the board and chief executive officer be held by different individuals, except as otherwise determined by the board of directors. Mr. Kaufman has served as Chairman of the Board since 2015.

The board has established the role of vice-chairman of the board to assist the chairman of the board in the performance of his duties, as directed by the chairman from time to time. Mr. Kolerus has served as vice-chairman of the board since 2015.

Risk Oversight

Management is responsible for the day-to-day management of risks facing the Company, while the board of directors, as a whole and through its committees, is actively involved in the oversight of such risks. The board of directors' role in risk oversight includes regular reports at board of director and Audit Committee meetings from members of senior management on areas of material risk to the Company, including strategic, financial, operational, and legal and regulatory compliance risks. Management regularly identifies and updates, among other items, the population of possible risks for the Company, assigns risk ratings, prioritizes the risks, assesses likelihood of risk occurrence, develops risk mitigation plans for prioritized risks, and assigns roles and responsibilities to implement mitigation plans. Risks are ranked by evaluating each risk's likelihood of occurrence and magnitude. The board of directors' Compensation Committee, in consultation with management, evaluates our incentive plans to determine if the plans' measures or goals encourage inappropriate risk-taking by our employees. As part of its evaluation, the Compensation Committee determined that the performance measures and goals were tied to our business, financial, and strategic objectives. As such, the incentive plans are believed not to encourage risk-taking outside of the range of risks contemplated by the Company's business plan.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal year 2018 (Messrs. Kaufman, Keating, Kolerus, and Mutch) is or has been an officer or employee of the Company or has had any relationship with the Company required to be disclosed as a related person transaction, and none of our executive officers served on the compensation committee (or other committee serving an equivalent function) or board of any company that employed any member of our Compensation Committee or our board of directors during fiscal year 2018.

DIRECTOR COMPENSATION

During fiscal year 2018, compensation for non-employee directors consisted of the following:

The restricted shares vested on March 31, 2018, and provided for pro-rata vesting upon retirement prior to March 31, 2018. The grant was made on June 14, 2017, to the then current non-employee directors; however, Mr. Kaufman declined the award given the significant ownership in the Company by his firm, MAK Capital.

Our directors are subject to share ownership guidelines that require ownership of either (i) three times the director's respective annual cash retainer within two years of service and six times the director's respective annual cash retainer within four years of service; or (ii) 15,000 shares within the first two years following the director's election to the board of directors and 45,000 shares within four years of election. COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis (the "CD&A") describes our executive compensation philosophy and programs for our Named Executive Officers during fiscal year 2018. Compensation arrangements with our Named Executive Officers are governed by the Compensation Committee of our board of directors.

Our Named Executive Officers in fiscal year 2018 consisted of our Chief Executive Officer ("CEO"), our Chief Financial Officer ("CFO"), and our three other most highly compensated officers during fiscal year 2018, as listed below:

- Ramesh Srinivasan, President and CEO
- Tony Pritchett, Vice President and CFO
- Kyle Badger, Senior Vice President, General Counsel and Secretary
- Sridhar Laveti, Vice President, Established Products & Customer Support
- Larry Steinberg, our former Senior Vice President, Chief Technology Officer

Mr. Srinivasan joined us as CEO on January 2, 2017, in the fourth quarter of fiscal year 2017. In connection with Mr. Srinivasan's appointment as CEO, our board of directors approved, and the Company entered into, an employment agreement with him on December 6, 2016. As discussed, below under the heading Fiscal Year 2018 Compensation, Mr. Srinivasan's compensation for fiscal year 2018 was primarily as set forth in his employment agreement.

Mr. Pritchett served as Interim CFO at the beginning of fiscal year 2018 and was appointed to the position on a non-interim basis during the first quarter of the fiscal year. In connection with his appointment, he received an increase in base salary and target bonus opportunity and grants of long-term equity incentives, as further discussed below under the heading Fiscal Year 2018 Compensation.

Mr. Laveti assumed his role as Vice President, Established Products & Customer Support in August 2017, during the second quarter of fiscal year 2018. He originally joined us in May 2017 as Vice President, Business Transformation.

Messrs. Badger and Steinberg continued in their positions from fiscal year 2017. Mr. Steinberg resigned his employment with us after the end of fiscal year 2018.

Compensation Focus for Fiscal Year 2018

With the exception of our CEO, the compensation arrangements with our Named Executive Officers for fiscal year 2018 were similar to the compensation arrangements for Named Executive Officers in recent prior years, with compensation including base salary, annual cash incentives based on company financial performance and long-term equity incentives.

After considering the results of our recent votes on Named Executive Officer compensation, which confirmed the Company's general philosophy and objectives relative to our executive compensation program, the Compensation Committee continued to link executive pay to performance and maintained base salaries and annual incentive opportunities for the Named Executive Officers generally at the same level as fiscal year 2017, while focusing annual incentives on improvements over fiscal year 2017 results. The annual incentive for our CEO, while based on the similar company financial measures as the annual incentives for the other Named Executive Officers, was settled in shares of common stock to further align the CEO with shareholder interests and to emphasize long term value creation.

In fiscal year 2018, the Compensation Committee overweighted long term incentives in the form of stock settled appreciation rights to more directly tie compensation to shareholder gains. Two of the Named Executive Officers, Messrs. Pritchett and Laveti, were new to their roles in fiscal year 2018, and the Compensation Committee provided them with larger long term incentive grants in order to increase their alignment with shareholders.

Compensation Philosophy, Objectives, and Structure

Our Compensation Committee adopted its pay philosophy, objectives, and structure for Named Executive Officers to achieve financial and business goals and create long-term shareholder value.

Compensation Philosophy and Objectives. For fiscal year 2018, our Compensation Committee's pay philosophy was to emphasize performance-based compensation, tied directly to annual goals or long-term equity awards, and to link compensation to our business strategy. The Compensation Committee's objective was to establish an overall compensation package to:

- Reward the achievement of business objectives approved by our board of directors;
- Tie a significant portion of compensation to the long-term performance of our common shares;
- Provide a rational, consistent, and competitive executive compensation program that is well understood by those to whom it applies; and
- Attract, retain, and motivate executives who can significantly contribute to our success.

Compensation Structure. Our compensation structure is comprised of:

Base Salary — Base salary provides fixed pay levels aimed to attract and retain executive talent. Variations in salary levels among Named Executive Officers are based on each executive's roles and responsibilities, experience, functional expertise, relation to peer pay levels, competitive assessments, individual performance, and changes in salaries in the overall general market and for all employees of the Company. Salaries are reviewed annually by our Compensation Committee, and changes in salary are based on these factors and input from our CEO, other than for himself. None of the factors are weighted according to any specific formula. New salaries generally are based on the Compensation Committee's discretion and judgment but may be based on any of the above-mentioned relevant factors.

Annual Incentives — Annual incentives provide cash variable pay for achievement of the Company's financial, strategic, and operational goals and individual goals, with target incentives set as a percentage of salary, designed to reward achievement of goals with an annual cash payment. Variations in target incentive amounts among Named Executive Officers are determined by our Compensation Committee and based on market data, length of time in current role or similar role at another company, and recommendations from our CEO, other than for himself. At the end of each fiscal year, the Compensation Committee considers the aggregate compensation of each Named Executive Officer and adjusts the annual incentive payment otherwise earned if the aggregate compensation is deemed excessive in the discretion of the Compensation Committee. Annual incentives for our CEO are settled in

shares of common stock, instead of cash.

Long-Term Incentives — Long-term incentives are variable, equity incentives designed to drive improvements in performance that build wealth and create long-term shareholder value by tying the value of earned incentives to the long-term performance of our common shares. Target incentives are set as a percentage of salary. Variations in awards among Named Executive Officers are determined by our Compensation Committee after a review of various factors, including recommendations based on market data, individual ability to influence results, length of time in current role or similar role at another company, and recommendations from our CEO, other than for himself.

Compensation Key Considerations

Annual Goal Setting. Annual goals for our Named Executive Officers are tied to our financial, strategic, and operational goals and include business specific financial targets relating to our goals. For fiscal year 2018, the Compensation Committee linked the annual incentive goals of Mr. Srinivasan to adjusted earnings from operations (AOE), and the annual incentive goals of Messrs. Badger, Laveti, Pritchett and Steinberg to revenue and AOE, plus individual performance measures. AOE is a non-GAAP financial metric that we define as adjusted EBITDA, less capital expenditures and capitalized software development costs. The Company believes AOE is a meaningful measure of earnings and provides insight to investors on the Company's overall profitability and cash generation from core operations. Adjusted earnings from operations includes costs for capitalized efforts while minimizing the seasonality of the Company's cash flows due to timing of billing.

Variable Pay at Risk. Our compensation philosophy drives the provision of greater at-risk pay to our Named Executive Officers, and variable pay at risk comprised between 43% and 64% of target annual compensation for the Named Executive Officers. Our Named Executive Officers have significant opportunities for long-term, equity-based incentive compensation, as our philosophy is to tie a significant portion of compensation to the long-term performance of our common shares. Thus, significant emphasis is placed on long-term shareholder value creation, thereby we believe minimizing excessive risk taking by our executives.

Competitive Market Assessments. The Compensation Committee did not engage a compensation consultant and did not rely on any market assessment of compensation in setting compensation for fiscal year 2018.

Tally Sheets. Our Compensation Committee analyzed tally sheets at the beginning and end of the fiscal year to review overall compensation and pay mix for each Named Executive Officer. Tally sheets included a three-year look-back of total compensation, including annual cash compensation, long-term incentive awards granted and earned, and benefits and perquisites. Tally sheets also included a cumulative inventory of equity grants by fiscal year, including the value of outstanding equity at the Company's current stock price and the value received for prior vesting and exercises of equity. The tally sheets brought together, in one place, all elements of Named Executive Officers' actual compensation and information about wealth accumulation so that our Compensation Committee could analyze the individual elements, the mix of compensation and the aggregate total amount of annual and accumulated compensation. Tally sheets were also used by the Compensation Committee to evaluate internal pay equity among the Named Executive Officers and to determine the impact of employment termination or change of control events. In support of the philosophy of rewarding performance, tally sheets are used by the Compensation Committee to review compensation as compared to expectations, and our Compensation Committee determined that annual compensation set for our Named Executive Officers for fiscal year 2018 was consistent with expectations and with the established compensation philosophy and pay mix guidelines driven by that philosophy.

Fiscal Year 2018 Compensation

Base Salary. For fiscal year 2018, base salary comprised between 36% and 57% of total target compensation for the Named Executive Officers.

Under his employment agreement, Mr. Srinivasan's base salary is \$600,000 per year, subject to annual review and adjustment by the Compensation Committee. The Compensation Committee did not consider an increase in base salary for Mr. Srinivasan in fiscal year 2018 because the Committee's annual review of executive compensation occurred in June 2018, only six months after the Company entered into the employment agreement with Mr. Srinivasan, and the Committee did not believe it was necessary or appropriate to adjust his base salary at that time.

Messrs. Pritchett and Laveti were first appointed to their positions in fiscal year 2018, and the Committee set their base salaries at the levels that the Committee believed to be competitive for their positions and necessary to retain them in their roles. The Committee based their assessments on the recommendations of the CEO and their own experience and judgement.

Messrs. Badger and Steinberg's base salaries did not change from fiscal year 2017 to 2018 because the Compensation Committee believed the base salaries set in fiscal year 2017 to be still aligned with the Committee's philosophy and goals.

Annual Incentives. For fiscal year 2018, annual incentive goals were set at the beginning of the fiscal year. The discussion below provides details regarding fiscal year 2018 annual incentive performance metrics, levels, and payouts for the Named Executive Officers.

Annual goals for our Named Executive Officers are tied to our financial, strategic, and operational goals and include business specific financial targets relating to our goals. As previously discussed, for fiscal year 2018, the Compensation Committee linked the annual incentive goals of Mr. Srinivasan to AOE, and the annual incentive goals of Messrs. Badger, Laveti, Pritchett and Steinberg to AOE and revenue, plus individual performance measures. The Company began quarterly reporting AOE in fiscal year 2018, and management has emphasized the Company's desire to improve AOE. The Compensation Committee believes that a focus on AOE improvement is in the best interests of shareholders and, therefore, adopted the metric for annual incentive compensation in fiscal year 2018.

CEO Annual Incentive. Mr. Srinivasan was eligible for an annual incentive for fiscal year 2018 based on company financial performance, which incentive was settled in shares of common stock. Pursuant to his employment agreement, Mr. Srinivasan's target annual incentive for fiscal year 2018 was set at 75% of his base salary, or \$450,000, with a maximum potential incentive of \$900,000 payable upon achievement of 150% of the annual incentive goals, and a threshold potential incentive of \$225,000 payable upon achievement of 50% of the annual incentive goals.

Because his annual incentive would be settled in shares of common stock, the Compensation Committee approved a grant of 91,463 shares of restricted common stock to Mr. Srinivasan on June 14, 2017, the date that the Committee set his annual incentive goals, which shares were approximately equal in value to his maximum potential incentive on the date of grant. Shares of restricted common stock would vest upon certification by the Compensation Committee of achievement of the annual incentive goals in the amount determined by the Committee, provided that vesting could not occur prior to June 14, 2018, the one-year anniversary of the date of grant. As further discussed below, the Compensation Committee determined that Mr. Srinivasan earned an annual incentive at only the threshold level of \$225,000 in fiscal year 2018, and awarded him 15,822 of the original 91,463 shares subject to the annual incentive grant. The remaining 75,641 shares subject to the original annual incentive grant were forfeited and can never be earned by Mr. Srinivasan.

At the beginning of the fiscal year, the Compensation Committee set Mr. Srinivasan's target annual incentive goal as Company attainment of \$0 of AOE, with his threshold potential incentive being achieved at Company attainment of minus \$5.0 million of AOE, and his maximum potential incentive being achieved at Company attainment of \$5 million or more of AOE. Straight-line achievement would be calculated between the threshold level and the target level and between the target level and the maximum level. The Company believed that achievement of the target level goal required significant difficulty. The Company attained minus \$11.6 million of AOE in fiscal year 2017, thus achievement at the target level for fiscal year 2018 required an improvement of \$6.6 million over fiscal year 2017. In addition, the Company had not attained \$0 of AOE in many years.

During the second quarter of fiscal year 2018, the Company decided to expand its Indian Development Center in order to increase software development engineering capacity. The estimated cost of the expansion at the time was \$1.4 million, which amount would reduce the Company's fiscal year 2018 AOE dollar for dollar accordingly. The Compensation Committee believed the expansion of the Indian Development Center to be important to achieving the product development goals of the Company and to achieving long-term financial results for the Company, and the

Committee indicated at the time that it would take the extra costs of the expansion into consideration when determining achievement of AOE targets at the end of the fiscal year.

The Company attained minus \$6 million of AOE in fiscal year 2018. As originally designed, this level of AOE fell below the target level of achievement required for Mr. Srinivasan to earn an annual incentive for fiscal year 2018. However, the Committee believed that the improvement of AOE from fiscal year 2017 to fiscal year 2018 of \$5.6 million indicated extraordinary performance by Mr. Srinivasan, especially since revenue was flat from fiscal 2017 to 2018 and significant unplanned costs were incurred in the expansion of the Indian Development Center. In particular, the Committee noted the decrease in (capitalized) software development costs from \$11.9 million to 8.9 million and the increase in cash from operations from \$3.4 million to \$6.9 million. The Committee believed this demonstrated remarkable achievement in creating operational efficiencies in a single fiscal year. To reward this performance, the Committee reduced the AOE annual incentive targets for Mr. Srinivasan by \$1 million and considered the minimum level to have been achieved at minus \$6 million instead of minus \$5 million.

Upon the Committee's certification of achievement of the minimum level of achievement, Mr. Srinivasan was entitled to an annual incentive payable in shares of common stock having a total fair market value of \$225,000. This resulted in an award of 15,822 shares of common stock based on a fair market value of \$14.22 per share of common stock on the date of the Committee's certification. These shares vested on June 14, 2018, the one-year anniversary of their date of grant, and the remaining shares from the original grant were forfeited.

Annual Incentives for the Other Named Executive Officers. Fiscal year 2018 target annual incentives for the other Named Executive Officers were set as a percentage of salary as follows:

Officer	Target Annual Incentive as % of Base Salary	Target Annual Incentive
Tony Pritchett	50%	\$115,000
Kyle Badger	50%	\$130,000
Sridhar Laveti	50%	\$120,000
Larry Steinberg	60%	\$157,500

These target annual incentives were the same as prior fiscal year targets, as a percent of base salary, for these Named Executive Officers or their predecessors. Annual incentives comprised 18-30% of total target compensation for these Named Executive Officers.

For fiscal year 2018, 90% of total target annual incentives for the Named Executive Officers other than the CEO were based on financial performance metrics. At the beginning of the fiscal year, the financial performance metrics set by the Compensation Committee for the Named Executive Officers other than the CEO consisted of targets for revenue and AOE. Their total annual incentive was weighted 45% on achievement of the revenue target, 45% on the achievement of the AOE, 10% on the subjective discretion of the Compensation Committee with respect to their individual performance related to team effectiveness, customer focus and other unspecified subjective matters based on the CEO's recommendation. The Compensation Committee included revenue as a component of the annual incentives for these Named Executive Officers to balance their goals between growth and profitability.

The Compensation Committee set the target level for AOE at \$0, the same level set for Mr. Srinivasan, and set the target level for revenue at \$145 million, representing a \$17.3 million, or 14%, improvement over fiscal 2017 results. These targets reflected the amounts that the Compensation Committee believed could be reasonably achieved given the Company's operating plan.

Performance percentages for payouts (with proportionate payouts between the target and maximum achievement levels) were based on varying levels of achievement of fiscal year 2018 results, as described below. No payment was earned at less than target performance, and payouts were capped at 150% of target incentives.

Component	Weighting (%)	Threshold		Target		Maximum	
		Amount	Payout (% of target incentive)	Amount	Payout (% of target incentive)	Amount	Payout (% of target incentive)
Revenue	45	\$136M	50	\$145M	100	\$150M	150
AOE	45	(\$5M)	50	\$0	100	\$5M	150

The Compensation Committee believed that the plan involved performance that was difficult at the 100% target levels and significantly difficult at the maximum level, requiring meaningful improvement over fiscal year 2017 results for revenue and AOE, in each case relative to future expectations at the time the levels were set.

Additional detail about target and maximum incentives are disclosed in the Grants of Plan-Based Awards for Fiscal Year 2018 table below.

Our fiscal year 2018 revenue was \$127.4 million, short of the minimum \$136 million level for annual incentive achievement. For AOE, the Compensation Committee made the same determinations with respect to the other Named Executive Officers as described with respect to our CEO above and deemed each of the Named Executive Officers to have earned at the threshold 50% level. For the discretionary component, based on the recommendation of the CEO, the Committee deemed the discretionary component fully earned for each of the Named Executive Officers. As a result, the Named Executive Officers other than the CEO were entitled to 33% of their target annual incentives for fiscal year 2018. However, as previously discussed, the Committee had awarded our CEO 50% of the annual incentives available to him, which the Committee believed fairly rewarded him for fiscal year 2018 performance, and the Committee desired that the continuing Named Executive Officers receive annual incentives at the same level in order to promote further alignment among the continuing executive team. As a result, the Committee awarded further discretionary incentives to the continuing Named Executive Officers, consisting of Messrs. Pritchett, Badger and Laveti, so that they would receive 50% of their total target annual incentives.

CFO Discretionary Bonus. In addition to the annual incentives discussed above, in fiscal year 2018 the Compensation Committee awarded Mr. Pritchett a cash bonus of \$50,000 upon his appointment as CFO in June 2017. The bonus in part rewarded Mr. Pritchett for a successful term as interim CFO and in part to incent him to accept appointment as CFO.

Steinberg Retention Bonus. As disclosed in last year's Proxy Statement, in connection with the CEO succession in the prior fiscal year 2017, the Compensation Committee awarded Mr. Steinberg a cash retention grant of \$350,000 to retain him through the CEO succession. The cash retention award vested on October 25, 2017, during fiscal year

2018, and appears in the Summary Compensation Table on page 24 below as compensation earned in fiscal year 2018.

Long-Term Incentives. As with the annual incentives, the Compensation Committee approved fiscal year 2018 long-term incentive (“LTI”) awards at the beginning of year when the outcome for the fiscal year was substantially uncertain. LTI awards to Named Executive Officers other than the CEO consisted of stock-settled appreciation rights (“SSARs”) and restricted shares, both with three-year vesting schedules, pursuant to the Company’s shareholder-approved 2016 Stock Incentive Plan. The Compensation Committee did not grant an LTI award to the CEO because he had received a substantial SSARs award upon joining us as CEO in the fourth quarter of fiscal year 2017 and because his annual incentives are settled in shares of common stock, which the Committee believed was sufficient to provide long term incentives for the CEO in fiscal year 2018.

With respect to the other Named Executive Officers, the Compensation Committee considered various LTI award alternatives. While annual incentives targeted specific performance goals, the focus on LTI awards was to link compensation directly to shareholder gains. SSARs provided the direct link between compensation and shareholder gains in a less dilutive manner than with stock options, and the three-year vesting schedule also enhances retention. In addition, restricted shares tie compensation to shareholder gains and highly bolster retention over the vesting period.

LTI awards comprised between 20% and 46% of total target compensation for the Named Executive Officers. In setting LTI awards for the Named Executive Officers other than the CEO, the Compensation Committee received input and recommendations from our CEO regarding each Named Executive Officer’s relative ability to influence results. In addition, two of the Named Executive Officers, Messrs. Pritchett and Laveti, were new to their roles in fiscal year 2018, and the Compensation Committee desired to provide them with larger LTI grants in order to increase their alignment with shareholders.

In reviewing Mr. Steinberg’s cumulative inventory of equity grants, the Compensation Committee believed that he possessed sufficient common shares and restricted shares to accomplish the Committee’s retention goals. Therefore, the Committee provided Mr. Steinberg’s annual LTI award all in SSARs, which more directly tie compensation to shareholder gains.

The Compensation Committee set the annual 2018 LTI awards for each Named Executive Officer as follows:

Officer	Percent of Salary (%)	Total LTI Value (\$)	SSARs Granted (#)	Restricted Shares Granted (#)
Tony Pritchett	130	298,766	29,375	20,637
Kyle Badger	45	117,807	16,250	6,372
Sridhar Laveti	120	288,740	15,000	24,174
Larry Steinberg	41	106,642	32,813	0

All SSARs and restricted shares vest in one-third increments on March 31, 2018, 2019 and 2020. The SSARs have a seven-year term, are settled in common shares upon exercise, and were granted to Messrs. Badger, Laveti and Steinberg at an exercise price of \$10.20 (the closing price of the common shares on the grant date). SSARs with respect to 14,375 shares granted to Mr. Pritchett have an exercise price of \$10.20, and SSARs with respect to 15,000 shares granted to Mr. Pritchett have an exercise price of 9.84 (the closing price of the common shares on the respective grant dates).

Additional Compensation – Executive Benefits. We provide executive benefits to our Named Executive Officers including additional life and long-term disability insurance plans. From time to time, Named Executive Officers also may participate in supplier sponsored events. Executive benefits are further described in the Summary Compensation Table. We believe these benefits enhance the competitiveness of our overall executive compensation package. We have, however, limited executive benefits offered to reduce compensation costs. Additionally, welfare benefits offered to our Named Executive Officers are the same level of benefits offered to all Company employees.

Employment Agreements and Change of Control

The material termination and change of control provisions of various agreements are summarized below for each Named Executive Officer and are covered in more detail in the Termination and Change of Control table and accompanying discussion.

Employment Agreements. The Company has entered into employment agreements with each of the Named Executive Officers.

In accordance with his employment agreement, Mr. Srinivasan will serve as CEO and President for a three-year initial term beginning on January 3, 2017. The term of employment will automatically extend for successive periods of one year unless either the Company or Mr. Srinivasan provides written notice of non-renewal at least 90 days before the end of the then-current employment term. If a change in control of the Company occurs, the term of the employment agreement will expire no earlier than the second anniversary of the change in control. If Mr. Srinivasan's employment is terminated by the Company for cause or by Mr. Srinivasan for good reason, then subject to his execution of a release of claims, Mr. Srinivasan will be entitled to receive severance equal to one year's then-current base salary and target annual bonus, which will be paid during regular pay intervals over the course of one year. In addition, he will also receive (1) a lump sum payment in cash, on the 60th day after the termination date, equal to the total after-tax premiums required to pay for twelve months of COBRA continuation coverage under the Company's medical, dental and vision insurance plans; (2) a pro-rated bonus for the year of termination based on actual performance with no negative discretion by the Board; and (3) 12 months of accelerated vesting of all equity compensation awards outstanding on the termination date. If such termination occurs within the three months before or 24 months after a change in control, Mr. Srinivasan will receive two times the sum of his then-current base salary and target annual bonus, two times the COBRA payment and 100% vesting (on the 60th day after the termination date) of all outstanding equity awards. In addition, upon any termination of employment, Mr. Srinivasan will receive accrued but unpaid base salary and payment for any unused vacation and unreimbursed expenses.

The employment agreements for the other Named Executive Officers, have terms expiring on January 22, 2020. Under the employment agreements, upon termination without cause, we must pay severance equal to six month's salary and reimbursement of the executive's total premium for six months of COBRA continuation coverage under the Company's health benefit plans. If the executive's compensation is reduced by more than 10%, other than a general reduction that affects all similarly situated executives, or if at any time prior to a change in control the executive no longer reports to the CEO, the executive may terminate his employment if the Company fails to materially cure such condition within 30 days following notice of such condition by the executive, and the termination will be deemed to be a termination without cause and the executive is entitled to his or her severance benefits. In the event that any of these Named Executive Officers are terminated without cause or by the executive for good reason in the 24 months following a change of control of the Company, the executive is entitled to severance pay equal to one year's salary and a pro rata portion of target annual incentive and reimbursement of the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit.

None of the Named Executive Officers is entitled to excise tax gross-up payments. In consideration of the severance benefits, each employment agreement contains a 12-month post-termination non-solicitation provision, an indefinite confidentiality provision, and a 12-month post-termination non-compete provision.

Our Compensation Committee believes that the terms of these employment agreements enhance our ability to retain our executives and contain severance costs by providing reasonable severance benefits competitive with market practice. Severance costs are contained by limiting pay to one year in the case of the CEO and six months in the case of the other Named Executive Officers in the absence of a change of control, limiting personal benefits, not providing accelerated vesting for awards under the agreements, and narrowly defining a voluntary termination that triggers severance benefits. Severance payments in the event of a change of control are subject to a double trigger such that severance benefits are provided only upon a combination of a change of control and a qualified termination. Additionally, the Company benefits greatly from the non-competition, non-disclosure, and non-solicitation clauses contained in the employment agreements.

Accelerated Vesting. Except as described above for our CEO, none of the employment agreements provide for accelerated vesting of equity. Under our 2011 and 2016 Stock Incentive Plans, vesting is accelerated upon the actual

occurrence of a change of control for all SSARs and restricted shares (including performance shares). The Compensation Committee believed that during a change of control situation, a stable business environment is in the shareholders' best interests, and accelerated vesting provisions provide stability. The accelerated vesting provisions are applicable to all employees who receive equity awards, not just executive management.

The long-term incentive awards granted for fiscal year 2018 are subject to a holding period of one year following a change of control. Under this provision, all SSARs and restricted shares granted for fiscal year 2018 accelerate upon the actual occurrence of a change of control but remain subject to restrictions on exercise and transfer until the earlier of one year after the change of control or the executive's qualified termination. The Compensation Committee believed that this further restriction during a change of control situation further promotes a stable business environment and is in the shareholders' best interests.

CEO Pay Ratio Disclosure

The following is a reasonable estimate, prepared under applicable SEC rules, of the ratio of the annual total compensation of our CEO to the median of the annual total compensation of our other employees. We determined our median employee based on base salary (annualized in the case of full- and part-time employees who joined the company during fiscal year 2018) of each of our employees (excluding the CEO), as of March 31, 2018. The annual total compensation of our median employee (other than the CEO) for 2018 was \$71,625. As disclosed in the Summary Compensation Table appearing on page 24, our CEO's annual total compensation for fiscal year 2018 was \$1,066,205. Based on the foregoing, our estimate of the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all other employees was 15 to 1. Given the different methodologies that various public companies will use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used as a basis for comparison between companies.

Additional Compensation Policies

Clawback – Recoupment of Bonuses, Incentives, and Gains. Under the Company's "clawback" policy, if the board of directors determines that our financial statements are restated due directly or indirectly to fraud, ethical misconduct, intentional misconduct, or a breach of fiduciary duty by one or more executive officers or vice presidents, then the board of directors will have the sole discretion to cancel any stock-based awards granted and to take such action, as permitted by law, as it deems necessary to recover all or a portion of any bonus or incentive compensation paid and recoup any gains realized in respect of equity-based awards, provided recoveries cannot extend back more than three years. Additionally, under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financial statements due to material noncompliance with any financial reporting requirements as a result of misconduct, our CEO and CFO must reimburse us for any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and any profits realized from the sale of our securities during those 12 months.

Stock Ownership Guidelines. To underscore the importance of strong alignment between the interests of management and shareholders, the board of directors approved stock ownership guidelines for directors and executives, with our CEO having the highest ownership requirement. Director and executive compensation is designed to provide a significant opportunity to tie individual rewards to long-term Company performance. The objective of our stock ownership guidelines is to support this overall philosophy of alignment and to send a positive message to our shareholders, customers, suppliers, and employees of our commitment to shareholder value. Each director and executive officer is expected to maintain minimum share ownership of either: (i) the number of shares with a value based on a multiple of base salary or director annual retainer listed below, or (ii) the number of shares listed below:

	Multiple of Director Annual Retainer and Executive Base Salary		Number of Shares	
	2 Years	4 Years	2 Years	4 Years
Directors	3x	6x	15,000	45,000
CEO	2.5x	5x	125,000	250,000
Senior Vice Presidents	0.5x	2x	15,000	75,000
Other Executive Officers	—	0.5x	2,500	15,000

Stock ownership that is included toward attainment of the guidelines includes (i) shares held of record or beneficially owned, either directly or indirectly; (ii) shares acquired upon exercise of stock options or SSARs; (iii) vested restricted or deferred shares; (iv) phantom or deferred share units held in a deferred compensation plan; and (v) shares or deferred shares acquired by dividend reinvestment. Directors and executives are expected to attain the specified target ownership levels within both two and four years from the later of the effective date of this policy or becoming a director or an executive, and remain at or above that level until retirement. Annually, the board of directors reviews progress toward achieving these ownership levels. Director and executives who have not attained the specified ownership guidelines will be required to hold 75% of shares acquired upon exercise of stock options and SSARs or vesting of performance or restricted shares until they meet their target ownership level. If ownership guidelines are not met within two and four years, our Compensation Committee has the right to pay an executive's annual incentives in shares until ownership guidelines are achieved.

Stock Retention Policy. Under the Company's stock retention policy, directors and executive officers are required to hold shares of Company stock for at least one year after such shares vest in the case of performance or restricted shares, or one year after exercise in the case of stock options or SSARs, or until the earlier date of their termination of service as a director or executive officer. The holding period policy does not apply in instances of a "change in control," as defined in the 2016 Stock Incentive Plan.

Impact of Tax and Accounting Considerations. Section 162(m) of the Internal Revenue Code, through December 31, 2017, limited the tax deduction of public companies for compensation in excess of \$1.0 million paid to their CEO and the three most highly compensated executive officers (other than the CFO) at the end of any fiscal year unless the compensation qualified as "performance-based compensation." For tax years after December 31, 2017, the recently enacted Tax Cuts and Jobs Act of 2017 amended Section 162(m) to eliminate the "performance-based" exception and now restricts deductibility for federal income tax purposes of annual individual compensation in excess of \$1.0 million, to the group defined above, subject to a transition rule for written binding contracts in effect on November 2, 2017 that are not modified in any material respect on or after such date. Our Compensation Committee's policy with respect to Section 162(m) is to make a reasonable effort to cause compensation to be deductible while simultaneously providing our executives with appropriate rewards for their performance. However, our Compensation Committee may approve compensation or changes to plans, programs or awards that may cause the compensation or awards to exceed the limitation under Section 162(m) if it determines that such action is appropriate and in the Company's best interests. The Compensation Committee is continuing to assess the impact of Section 162(m) of the Code, as amended, on the Company's compensation programs, including the transition rule for written binding contracts with respect to 2018 equity awards that were granted in 2017.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on that review and discussion, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2018 and included in this Proxy Statement for its 2018 Annual Meeting of Shareholders.

(1) Stock Awards include grants of restricted shares and performance shares. Option Awards include SSAR grants. Amounts disclosed do not represent the economic value received by the Named Executive Officers. The value, if any, recognized upon the exercise of a SSAR will depend upon the market price of the shares on the date the SSAR is exercised. The value, if any, recognized for restricted and performance shares will depend upon the market price of the shares upon vesting. In accordance with SEC rules, the values for restricted and performance shares and SSARs are equal to the aggregate grant date fair value for each award computed in accordance with FASB ASC Topic 718. The values for restricted and performance shares are based on the closing price on the grant date. For Mr. Srinivasan, the stock award consisted of shares of restricted common stock which were subject to performance conditions, and the amount recorded above is based on the probable outcome of the performance conditions on the date of grant. Mr. Srinivasan earned \$225,000 of this award on the date of vesting. The values for SSARs are based on the Black-Scholes option pricing model. A discussion of the assumptions used in determining these valuations is set forth in Note 14 of the Notes to Consolidated Financial Statements of the Company's 2018 Annual Report. For Stock Awards, the amounts shown represent grants of restricted shares to each Named Executive Officer as part of the executive's annual long-term equity grant, and for 2017 includes grants of restricted shares to improve retention of key management, including the Named Executive Officers.

(2) Amounts represent annual incentive payments received for 2018, 2017 and 2016 based on pre-set incentive goals established at the beginning of each fiscal year and tied to the Company's financial, strategic, and operational goals.

(3) All other compensation includes the following compensation, calculated based on the aggregate incremental cost to the Company of the benefits noted:

All Other Compensation for Fiscal Year 2018

(1) Amounts shown in the columns under Estimated Future Payouts Under Non-Equity Incentive Plan Awards represent fiscal year 2018 annual threshold, target, and maximum cash-based annual incentives granted under the annual incentive plan. Total threshold, target, and maximum payouts were conditioned on achievement of weighted goals based on revenue, adjusted earnings from operations and individual performance for each Named Executive Officer other than Mr. Srinivasan. As discussed in the Compensation Discussion and Analysis above, for those Named Executive Officers, the portion of cash-based annual incentives based on financial metrics could not be earned for less than threshold performance, but the portion based on individual performance had no threshold. Fiscal year 2018 payouts for each Named Executive Officer pursuant to these awards are shown in the Summary Compensation Table above in the column titled Non-Equity Incentive Plan Compensation. Further explanation of potential and actual payouts by component is set forth in the Compensation Discussion and Analysis – Annual Incentives.

- (2) Long-term equity incentives for Mr. Srinivasan consisted of shares of restricted common stock which would vest based on the achievement of adjusted earnings from operations. Achievement of the performance goal would have earned him common shares equal to \$450,000, which would have equaled the target level of shares set forth in the table based on the grant date fair market value of \$9.84 per share. Similarly, the threshold and maximum potential shares set forth in the table are based on the threshold and maximum incentive amounts of \$225,000 and \$900,000, respectively, at the grant date value of \$9.84 per share. On the vesting date, Mr. Srinivasan earned 15,822 shares at the threshold amount of \$225,000 based on a vesting date value of 14.22 per share. Further explanation of potential and actual payouts is set forth in the Compensation Discussion and Analysis.
- (3) The share amounts shown represent grants of restricted shares to each Named Executive Officer as part of the executive's annual long-term equity grant.
- (4) The share amounts represent SSARs granted at the fair market value of the shares on the grant date as fiscal year 2018 long-term incentive awards. The SSARs are exercisable in thirds beginning on March 31, 2018. All SSARs have a seven-year term.
- (5) The dollar amount shown for each equity grant represents the grant date fair value of the SSARs and restricted shares, calculated in accordance with FASB ASC Topic 718. The actual value, if any, recognized upon the exercise of a SSAR or vesting of restricted shares will depend upon the market price of the shares on the date the SSAR is exercised or restricted shares vest.

Option Exercises and Stock Vested

The following table and related notes summarize the exercise of stock options and/or SSARs and the vesting of other stock awards by the Named Executive Officers while they were serving as Named Executive Officers during fiscal year 2018.

Option Exercises and Stock Vested for Fiscal Year 2018

Termination and Change of Control

The following table and discussion summarize certain information related to the total potential payments which would have been made to the Named Executive Officers in the event of termination of their employment with the Company, including in the event of a change of control, effective March 29, 2018, the last business day of fiscal year 2018.

Employment Agreements. The Named Executive Officers are each a party to an employment agreement with the Company.

If Mr. Srinivasan's employment agreement is terminated by the Company for cause or by Mr. Srinivasan for good reason, then subject to his execution of a release of claims, Mr. Srinivasan will be entitled to receive severance equal to one year's then-current base salary and target annual bonus, which will be paid during regular pay intervals over the course of one year. In addition, he will also receive (1) a lump sum payment in cash, on the 60th day after the termination date, equal to the total after-tax premiums required to pay for twelve months of COBRA continuation coverage under the Company's medical, dental and vision insurance plans; (2) a pro-rated bonus for the year of termination based on actual performance with no negative discretion by the Board; and (3) 12 months of accelerated vesting of all equity compensation awards outstanding on the termination date. If such termination occurs within the three months before or 24 months after a change in control, Mr. Srinivasan will receive two times the sum of his then-current base salary and target annual bonus, two times the COBRA payment and 100% vesting (on the 60th day after the termination date) of all outstanding equity awards. In addition, upon any termination of employment, Mr. Srinivasan will receive accrued but unpaid base salary and payment for any unused vacation and unreimbursed expenses.

For Mr. Srinivasan, good reason means (i) a reduction in his base salary or target bonus opportunity, (ii) a material diminution in his authority, duties or responsibilities (including, without limitation, his no longer being the CEO of a publicly-traded company), (iii) his removal as a member of the board of directors (other than by your voluntary resignation), (iv) any other action that constitutes a willful and material breach by the Company of a material provision of his employment agreement, or (v) a material reduction in the benefits provided to him that is not part of a broader reduction of benefits applicable to substantially all other officers of the Company, and the Company fails to materially cure such condition within 30 days. For the other Named Executive Officers, good reason is limited to where the Company changes the Named Executive Officer's position such that his compensation or responsibilities are substantially lessened, and the Company fails to cure such situation within 30 days after notice.

If the Company terminates the employment of any of the other Named Executive Officers without cause, we must pay severance equal to six month's salary and reimbursement of the executive's total premium for six months of COBRA continuation coverage under the Company's health benefit plans. If the executive's compensation is reduced by more than 10%, other than a general reduction that affects all similarly situated executives, or if at any time prior to a change in control the executive no longer reports to the CEO, the executive may terminate his employment if the Company fails to materially cure such condition within 30 days following notice of such condition by the executive, and the termination will be deemed to be a termination without cause and the executive is entitled to his or her severance benefits. In the event that any of these Named Executive Officers are terminated without cause or by the executive for good reason in the 24 months following a change of control of the Company, the executive is entitled to severance pay equal to one year's salary and a pro rata portion of target annual incentive and reimbursement of the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit.

Following a termination of employment for any reason each Named Executive Officer is prohibited for a one-year period following termination from being employed by, owning, operating, controlling, or being connected with certain businesses that compete with the Company. Each executive's agreement also contains an indefinite non-disclosure provision for the protection of the Company's confidential information and a one-year non-solicitation of Company employees.

(1) A "voluntary termination" includes death, disability, or legal incompetence.

(2) For Mr. Srinivasan, "cause" is defined as (i) conviction of a crime involving misappropriation of money or other property or conviction of a felony, or a guilty plea or plea of nolo contendere with respect to a felony, (ii) violations the confidentiality, non-competition and non-solicitation clauses of his employment agreement, (iii) breaches of his duty of loyalty to the Company or willful misconduct, any of which materially injures the Company, (iv) a willful and material breach of his material obligations under any agreement entered into between him and the Company that materially injures the Company, or (v) failure to substantially perform his reasonable duties with the Company (other than by reason of your disability). For the other Named Executive Officers, "cause" is defined as (i) breach of employment

agreement or any other duty to the Company, (ii) dishonesty, fraud, or failure to abide by the published ethical standards, conflicts of interest, or material breach of Company policy, (iii) conviction of a felony crime or crime involving misappropriation of money or other Company property, or (iv) misconduct, malfeasance, or insubordination. For Mr. Srinivasan, good reason means (i) a reduction in his base salary or target bonus opportunity, (ii) a material diminution in his authority, duties or responsibilities (including, without limitation, his no longer being the CEO of a publicly-traded company), (iii) his removal as a member of the board of directors (other than by your voluntary resignation), (iv) any other action that constitutes a willful and material breach by the Company of a material provision of his employment agreement, or (v) a material reduction in the benefits provided to him that is not part of a broader reduction of benefits applicable to substantially all other officers of the Company, and the Company fails to materially cure any such condition within 30 days. For the other Named Executive Officers, good reason means (i) a reduction in base salary or target bonus eligibility by more than 10% from its then current level, other than a general reduction in base salary or target bonus eligibility that affects all similarly situated executives in substantially the same proportions, or (ii) at any time prior to a change in control of the Company, the executive no longer reports to the CEO, and the Company fails to cure any such situation within 30 days after notice.

(3) Health Insurance consists of health care and dental care benefits. The amount reflects reimbursement of COBRA benefits for the applicable period of time.

(4) Severance payments in the event of a change of control are subject to a double trigger such that severance benefits are provided only upon a combination of a change of control and a qualified termination. SSARs and restricted shares vest upon a change of control. For SSARs the value of accelerated vesting is calculated using the closing price of \$11.92 per share on March 29, 2018, less the exercise price per share for the total number of SSARs accelerated. The value of restricted shares upon vesting reflects that same \$11.92 closing price. Values represent potential vesting under a hypothetical change of control situation on March 31, 2018.

(5) All SSARs vest upon death or disability.

PROPOSAL 2 ADVISORY VOTE REGARDING EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (“Dodd-Frank Act”) and SEC rules require us to allow our shareholders to vote, on a non-binding, advisory basis, on whether to approve the compensation of our Named Executive Officers as disclosed in this Proxy Statement, in accordance with the SEC’s compensation disclosure rules. As described more fully in our CD&A section of this Proxy Statement, our compensation programs applicable to our Named Executive Officers are designed to retain executives who can significantly contribute to our success, reward the achievement of specific annual and long-term goals and strategic objectives, and tie a significant portion of compensation to the long-term performance of our shares to align executive pay and shareholders’ interests. The Compensation Committee continually reviews the compensation programs for our Named Executive Officers to ensure the alignment of our executive compensation structure with

our shareholders' interests and market practices. As a result of this review, the Compensation Committee:

- Maintained base salaries and target annual incentives for fiscal year 2018 at substantially similar levels as fiscal year 2017;
- Focused annual incentives on improvements over fiscal year 2017 revenue results;
- Structured long-term incentives to reward increases in shareholder value.

We are asking shareholders to approve our Named Executive Officers' compensation as described in this Proxy Statement. Currently, we ask shareholders to vote on such compensation annually. This vote is not intended to address any specific item of compensation, but rather the overall compensation, and the philosophy, objectives, and structure applicable to such compensation. This advisory vote is not binding on the Company, the Compensation Committee, or our board of directors; however, we value the opinions of our shareholders and to the extent there is any significant vote against this proposal, we will consider our shareholders' concerns and evaluate whether any actions are necessary to address those concerns. Accordingly, we are asking our shareholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2018 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis and the discussion under Executive Compensation, including the 2018 compensation tables and the related disclosure and narratives to those tables."

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" PROPOSAL 2. PROXY CARDS RECEIVED BY THE COMPANY WILL BE VOTED "FOR" PROPOSAL 2 UNLESS THE SHAREHOLDER SPECIFIES OTHERWISE ON THE PROXY CARD.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the board of directors. The Audit Committee's activities are governed by a written charter adopted by the board of directors, the Amended and Restated Audit Committee Charter, which is available at the Company's website www.agilysys.com. The Audit Committee currently consists of three directors, all of whom are independent in accordance with the rules of the NASDAQ Stock Market, Section 10A(m) of the Securities Exchange Act of 1934, and the rules and regulations of the SEC. The Board has determined that Directors Donald Colvin and John Mutch each qualify as an "audit committee financial expert" as defined by the SEC.

Management has the primary responsibility for the Company's financial statements and the reporting process, including the system of internal controls over financial reporting. Grant Thornton LLP, the Company's independent registered public accounting firm, audits the annual financial statements prepared by management and expresses an opinion on whether those financial statements conform with United States generally accepted accounting principles, and also audits the internal controls over financial reporting and management's assessment of those controls. The Audit Committee hires the Company's independent registered public accounting firm and monitors these processes.

In carrying out its responsibilities, the Audit Committee has reviewed and has discussed with the Company's management the Company's 2018 audited financial statements. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with United States generally accepted accounting principles. In addition, the Audit Committee discussed with the Company's financial management and independent registered public accounting firm the overall scope and plans for the audit. The Audit Committee also met with the independent registered public accounting firm, with and without management present, to discuss the results of the audit, their evaluation of the Company's internal controls over financial reporting, including both the design and usefulness of such internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, Communication with Audit Committees, as adopted by the Public Company Accounting Board.

The Audit Committee has also received annual written disclosures from Grant Thornton regarding their independence from the Company and its management as required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence, has discussed with the independent registered public accounting firm their independence, and has considered the compatibility of non-audit services with the registered public accounting firm’s independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the board of directors that the Company’s 2018 audited financial statements be included in the Company’s 2018 Annual Report on Form 10-K for the fiscal year ended March 31, 2018.

Submitted by the Audit Committee of the Board of Directors as of June 14, 2018

PROPOSAL 3
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

By NASDAQ and SEC rules, appointment of the Company’s independent registered public accounting firm (“Independent Accountant”) is the direct responsibility of the Audit Committee, and the Audit Committee has appointed Grant Thornton LLP as our Independent Accountant for the fiscal year ending March 31, 2019.

Shareholder ratification of the selection of Grant Thornton as our Independent Accountant is not required by our Amended Code of Regulations or otherwise; however, the board of directors has determined to seek shareholder ratification of that selection to provide shareholders an avenue to express their views on this important matter. If our shareholders fail to ratify the selection, the Audit Committee will seek to understand the reasons for the vote against ratification and will take those views into account in this and future appointments. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different Independent Accountant at any time during the year if it is determined that such a change would be in the best interests of the Company and our shareholders.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” THE RATIFICATION OF GRANT THORNTON AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM. PROXY CARDS RECEIVED BY THE COMPANY WILL BE VOTED “FOR” PROPOSAL 3 UNLESS THE SHAREHOLDER SPECIFIES OTHERWISE ON THE PROXY CARD.

The Audit Committee reviewed the fees of Grant Thornton LLP, our Independent Accountant for fiscal year 2018. Fees for services rendered by Grant Thornton for fiscal years 2018 and 2017 were:

Fiscal Year	Audit Fees (\$)	Audit-Related Fees (\$)	Tax Fees (\$)	All Other Fees (\$)
2018	591,933	—	—	—
2017	571,347	—	—	—

“Audit Fees” consist of fees billed for professional services provided for the annual audit of our financial statements, annual audit of internal control over financial reporting, review of the interim financial statements included in quarterly reports, and services that are normally provided in connection with statutory and regulatory filings. “Audit-Related Fees” generally include fees for employee benefits plan audits, business acquisitions, and accounting

consultations. “Tax Fees” include tax compliance and tax advice services. “All Other Fees” generally relate to services provided in connection with non-audit acquisition activities.

Representatives of Grant Thornton are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The Audit Committee adopted an Audit and Non-Audit Services Pre-Approval Policy (the “Policy”) to ensure compliance with SEC and other rules and regulations relating to auditor independence, with the goal of safeguarding the continued independence of our Independent Accountant. The Policy sets forth the procedures and conditions pursuant to which audit, review, and attest services and non-audit services to be provided to the Company by our Independent Accountant may be pre-approved. The Audit Committee is required to pre-approve the audit and non-audit services performed by our Independent Accountant to assure that the provision of such services does not impair independence. Unless a type of service to be provided has received pre-approval as set forth in the Policy, it will require separate pre-approval by the Audit Committee before commencement of the engagement. Any proposed service that has received pre-approval but which will exceed pre-approved cost limits will require separate pre-approval by the Audit Committee. All audit, non-audit, and tax services were pre-approved by the Audit Committee during fiscal years 2018 and 2017.

RELATED PERSON TRANSACTIONS

All related person transactions with the Company require the prior approval or ratification by our Audit Committee. The board of directors adopted Related Person Transaction Procedures to formalize the procedures by which our Audit Committee reviews and approves or ratifies related person transactions. The procedures set forth the scope of transactions covered, the process for reporting such transactions, and the review process. Covered transactions include any transaction, arrangement, or relationship with the Company in which any director, executive officer, or other related person has a direct or indirect material interest, except for business travel and expense payments, share ownership, and executive compensation approved by the board of directors. Transactions are reportable to the Company’s General Counsel, who will oversee the initial review of the reported transaction and notify the Audit Committee of transactions within the scope of the procedures, and the Audit Committee will determine whether to approve or ratify the transaction. Through our Nominating and Corporate Governance Committee, we make a formal yearly inquiry of all of our executive officers and directors for purposes of disclosure of related person transactions, and any such newly revealed related person transactions are conveyed to the Audit Committee. All officers and directors are charged with updating this information with our internal legal counsel.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, our ability to achieve operational efficiencies and meet customer demand for products and services and the risks described in the Company's filings with the Securities and Exchange Commission, including those listed in Item 1A of our Annual Report on Form 10-K for the fiscal year ended March 31, 2018. Any forward-looking statement made by us is based only on information currently available and speaks only as of the date on which it is made.
