

A Complete Analytics Solution, Built for Modern Hospitality

Technology That Turns Operational
Data Into Confident Action

Thriving in hospitality requires fast, confident decisions with near real-time insight.

Many operators today struggle to translate guest and operational data into clear, actionable opportunities. Agilysys Analyze delivers that clarity. By unifying PMS and POS data into intuitive dashboards, Analyze helps teams identify trends, identify performance gaps, and teams can forecast demand with greater accuracy, empowering staff to act decisively in the moments that matter.

Benefits:

Gain Deeper Guest Understanding

Aggregate guest activity and spend history to support personalization, targeted offers, and more memorable service experiences.

Make Faster, More Confident Decisions

Deliver meaningful insights that strengthen strategic and daily decision-making across staffing, pricing, inventory, promotions, and guest service.

Optimize Revenue

Uncover spend behavior, menu trends, sales patterns, and upsell opportunities that help improve topline revenue and overall profitability.

Improve Efficiency & Anomaly Detection

Spot bottlenecks, monitor utilization, & identify waste to optimize labor, inventory, & performance.

Unify Operational Visibility

Consolidate PMS, POS, Spa, Golf, Retail, event, F&B, and other revenue-center data into a single analytics platform for a complete, property-wide view of performance.

Take Action Immediately

Mobile dashboards and alerts enable teams to respond to issues the moment they arise, reducing disruptions and keeping operations running smoothly.
