

Smarter PMS Technology Built for Modern Hospitality

Simplify Front Desk Operations &
Personalize Every Guest Stay

Hospitality teams need technology that puts guests first.

As expectations rise for faster check-in, smoother stays, and more personalized service, manual processes and disconnected systems create unnecessary friction. Agilysys Stay PMS is a modern, cloud-based platform that simplifies reservations, streamlines front desk operations, and supports personalized service at scale. Unified guest profiles, built-in automation, and open integrations help teams work more efficiently while delivering a seamless end-to-end guest journey.”

Benefits:

Streamline Front Desk Operations

Simplify reservations, check-in, room assignments, and billing with intuitive workflows designed for fast, efficient service.

Unlock More Revenue Opportunities

Identify and promote upgrades, activities, and dining options throughout the booking and check-in journey.

Deliver Personalized Guest Experiences

Leverage unified guest profiles to tailor every interaction using preferences, stay history, and spending behavior.

Support Multi-Property Operations

Manage multiple properties with centralized visibility, consistent processes, and greater operational control.

Increase Team Productivity

Automate front desk, housekeeping, and night audit tasks to reduce manual effort and keep teams focused on guests.

Accelerate Staff Training

Enable faster onboarding with intuitive, mobile-friendly tools that help staff become productive quickly.
