CUSTOMER SPOTLIGHT: LAS VEGAS MUSIC VENUE 172

UNIQUE MUSIC VENUE OPTIMIZES GUEST EXPERIENCE WITH AGILYSYS
INFOGENESIS POS AND AGILYSYS PAY

Named after the 172-decibel volcano eruption on the Island of Krakatoa in 1883, 172 live music venue brings together the most promising up-and-coming bands from around the world with the best original cocktails and high-end gourmet dishes.

The newly-opened music venue 172 in the Rio All-Suite Hotel and Casino chose Agilysys Pay and Agilysys InfoGenesis POS to help manage their operations. The new venue, which provides its patrons access to artists in an intimate, up close and personal setting, implemented Agilysys Pay to secure financial transactions and InfoGenesis POS to optimize guest service.

Agilysys and The Rio All-Suite Hotel share a long-standing partnership, and with the grand opening of 172 fast-approaching, the property operators reached out to Agilysys to help them implement a point-of-sale system that could meet their demands and be able to go live on a tight timeline.

“ The team at Agilysys provided us with expert advice and support configuring the most efficient systems for our new venue. We are very satisfied with the end result and look forward to the value and benefits these solutions will bring to our staff and customers. ”

- Giovanni Sgro, Brand Director of 172
