

PUT THE POWER IN THE HANDS OF THE GUEST

Mobile Ordering On Any Guest Device

Simplify Food and Beverage Ordering Anywhere

With IG OnDemand, guests can place and pay for orders using their own device - phone, tablet, laptop -making the ordering process easier and freeing up staff to spend more time with guests. The result is dramatically increased revenue opportunities.

More opportunities to enhance guest service

Multiple Venues or Concepts

Guests can view and order from a variety of food & beverage locations on your property. Whether it's a food court, a bar, an individual restaurant or room service, you determine the venues and the items you want to offer.

Let the System Locate the Guest

Whether it's a seat in the sportsbook or the foodcourt, a cabana at the pool or a guest room, IG OnDemand can use location-specific QR codes, table numbers or room numbers to designate where to deliver the order.

Flexible Configuration

Leverage the same configuration for IG Buy and IG OnDemand to reduce backend setup and system maintenance. Save time & money with fast updates as your offerings change.

Display Real-Time Delivery Wait Times

When bundled with our Agilysys IG KDS kitchen display system, you can provide real-time order fulfillment wait-time to properly set guest expectations.

ABOUT AGILYSYS

Agilysys is well known for its long heritage of hospitality-focused technology innovation. The Company delivers modular and integrated software solutions and expertise to businesses seeking to maximize Return on Experience (ROE) through hospitality encounters that are both personal and profitable. Over time, customers achieve High Return Hospitality by consistently delighting guests, retaining staff and growing margins. Customers around the world include: branded and independent hotels; multi-amenity resort properties; casinos; property, hotel and resort management companies; cruise lines; corporate dining providers; higher education campus dining providers; food service management companies; hospitals; lifestyle communities; senior living facilities; stadiums; and theme parks. The Agilysys Hospitality Cloud™ combines core operational systems for property management (PMS), point of sale (POS), and inventory and procurement (I&P) with Experience Enhancers™ that meaningfully improve interactions for guests and for employees across dimensions such as digital access, mobile convenience, self-service control, personal choice, payment options, service coverage and real-time insights to improve decisions. Core solutions and Experience Enhancers are selectively combined in Hospitality Solution Studios™ tailored to specific hospitality settings and business needs.
