Analyze

MORE INFORMED DECISIONS

Leverage your PMS and POS data to get the right answers.

Explore your data to reveal insights that will redefine your operations.

Agilysys Analyze gives you quick and simple access to your existing POS and PMS data.

On-demand business intelligence data improves decision making accuracy. And with anytime, anywhere access to essential data like revenue, RevPAR, ADR, occupancy, items sales, tenders, check sales, discounts and more, you take charge of your business even when you're not on site.

Dashboards as unique as your business and workflows provide at-a-glance key performance information you need. Easily drill into the reports, slicing and dicing your data to reveal unanticipated trends. Generate reports on the fly, whenever or wherever you need, to answer ad hoc questions, and schedule automatic distribution of reports across the enterprise.

All the Answers in One Place:

Establish a consolidated source of data housed on a single dashboard.

Analyze Your Agilsysys InfoGenesis Data

Loss Prevention	Understanding your Item Sales helps: • Illuminate areas of hidden costs with items that aren't moving. • Optimize inventory and procurement to better meet guest demand – even when it's constantly changing.
Table Service Analytics	Leverage your service data for benchmarking table turn times, table usage and traffic management.
Staff Performance	Metrics that help you pinpoint behaviors impacting guest experiences – and potentially your bottom line.

Analyze Your Agilysys LMS Data

Anticipate Guest Demand	Insights that deliver Occupancy requirements allow you to plan your business needs better.

ABOUT AGILYSYS

Agilysys is well known for its long heritage of hospitality-focused technology innovation. The Company delivers modular and integrated software solutions and expertise to businesses seeking to maximize Return on Experience (ROE) through hospitality encounters that are both personal and profitable. Over time, customers achieve High Return Hospitality by consistently delighting guests, retaining staff and growing margins. Customers around the world include: branded and independent hotels; multi-amenity resort properties; casinos; property, hotel and resort management companies; cruise lines; corporate dining providers; higher education campus dining providers; food service management companies; hospitals; lifestyle communities; senior living facilities; stadiums; and theme parks. The Agilysys Hospitality Cloud™ combines core operational systems for property management (PMS), point of sale (POS), and inventory and procurement (I&P) with Experience Enhancers™ that meaningfully improve interactions for guests and for employees across dimensions such as digital access, mobile convenience, self-service control, personal choice, payment options, service coverage and real-time insights to improve decisions. Core solutions and Experience Enhancers are selectively combined in Hospitality Solution Studios™ tailored to specific hospitality settings and business needs.
