

Flexible Modules That Extend Document Management

Expand Capabilities Across Operations

Every organization has different document management needs.

DataMagine Modules extend the platform with additional tools that support a wide range of operational workflows. From report archiving to document imports and identification scanning, these modules help teams manage information more efficiently across the enterprise.

Benefits:

Extend System Capabilities

Add modules that support specific operational and process related needs.

Reduce Administrative Work

Minimize manual processing with automated document tools.

Improve Operational Efficiency

Automate document capture and storage across departments.

Improve Data Accessibility

Ensure teams can easily locate and retrieve stored documents.

Centralize Business Records

Keep reports, forms, and operational documents in one location.

Support Scalable Operations

Expand document management as business needs grow.

Agilysys DataMagine Modules **Product Features:**

Integrated Document Capture & Imaging

Provides scanning, indexing, and attachment capabilities for PMS, POS, AP, and HR workflows, eliminating manual filing and ensuring documents are stored accurately.

Electronic Signature & e-Forms Processing

Captures digital signatures and supports customizable web-based forms for guest registration, HR onboarding, check requests, and more, removing paper from core workflows.

DocFlow Routing & Approvals

Automates approval workflows for AP, HR, and operational processes with configurable routing, email approvals, and audit tracking to reduce processing time.

Seamless Integrations With Agilysys Systems

Connects natively with Agilysys Versa PMS, InfoGenesis POS, and other Agilysys solutions, enabling unified document workflows across guest-facing and back-office systems.

Centralized Web Client

Provides a full-featured web client that allows teams to quickly locate documents, such as folios, night audits, invoices, or personnel records, from any authorized device.

Comprehensive Module Ecosystem

Offers an extensive suite of modules including Report Archive, DataMagine Link, Driver's License & Passport Scanning and more to support diverse hospitality workflows.

The Power of the **Agilysys Ecosystem**

Take DataMagine further with integrated solutions designed to streamline operations and personalize every guest interaction.

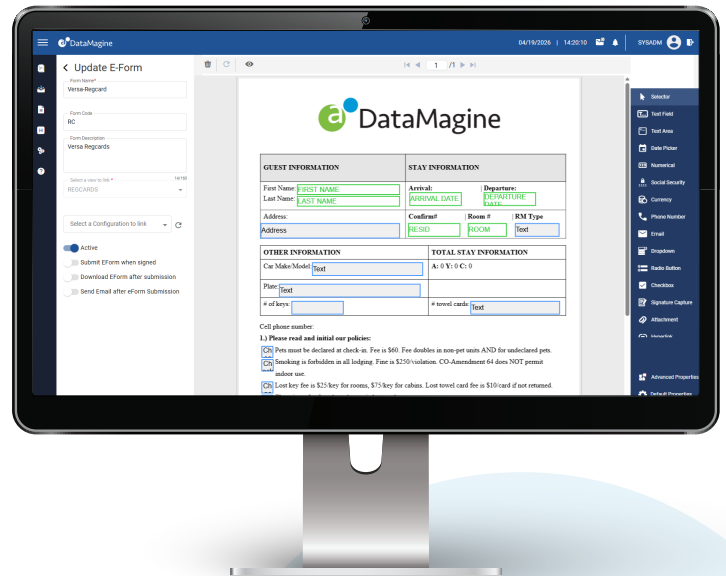

Sales & Catering

Turn event and group data into revenue-driving decisions.

Versa

Turn guest and stay data into optimized experiences.
