

Agilysys Solutions Deliver High Return Hospitality™ for Corporate and Business Dining

High Return On Experience (ROE)

(the challenge)

In the world of corporate and business dining, there is an expectation for an exceptional experience delivered to every associate every time. The challenge is how can corporations deliver zero disappointment in a world where an ongoing labor crisis, with continued shortages of servers, cooks, and other dining staff, continues to impact corporate dining services overall? Technology innovation, like mobile ordering, kiosks, and payment solutions with QR code capabilities, can help offset these persistent staff shortages.

for associates and visitors

- Self-service ordering and payment

- Streamlined operations

High Return On Data (ROD)

(the solution)

Our passion is to help corporations and businesses create distinctive, personalized experiences for associates, visitors and staff through innovative point-of-sale payments, kiosk, mobile ordering, inventory and procurement and analytics solutions designed specifically for corporate and business dining. These solutions help automate many of the labor-intensive transactional tasks, freeing up staff to spend more quality time focused on delivering a more personalized, higher touch corporate and business dining experience.

ABOUT AGILYSYS

Agilysys is well known for its long heritage of hospitality-focused technology innovation. The Company delivers modular and integrated software solutions and expertise to businesses seeking to maximize Return on Experience (ROE) through hospitality encounters that are both personal and profitable in order to delight customers, retain staff and grow margins. Customers around the world include: branded and independent hotels, multi-amenity resort properties, casinos, property/hotel/resort management companies, cruise lines, corporate dining providers, higher education campus dining providers, food service management companies, hospitals, lifestyle communities, senior living facilities, stadiums, and theme parks. The Agilysys Hospitality Cloud™ combines core operational systems for property management (PMS), point of sale (POS) and inventory and procurement (I&P) with Experience Enhancers™ that meaningfully improve interactions for customers and for employees across dimensions such as digital access, mobile convenience, self-service control, personal choice, payment options, service coverage and real-time insights to improve decisions. Core solutions and Experience Enhancers are selectively combined in Hospitality Solution Studios™ tailored to specific hospitality settings and business needs. www.Agilysys.com
