ADVANCED SPA MANAGEMENT

Spa Management for Resorts & Hotels

Using a single guest profile, resorts and hotels can bring an exclusive spa experience to each and every guest, while maximizing revenue and profitability. Agilysys Spa integrates with existing solutions and supports popular fixed and mobile devices for a streamlined guest experience and efficient spa operations.
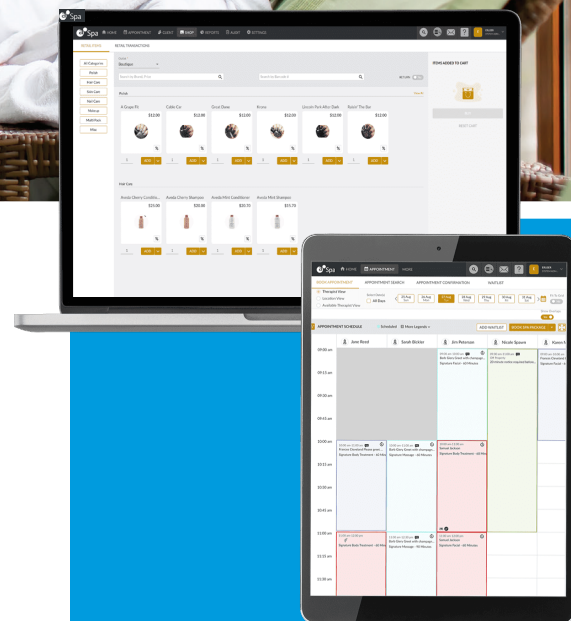

Enhanced User Experience

- Guests can add spa treatments while booking their property stay as part of an entire experience when integrated with Agilysys Book
- Modern, mobile software that helps deliver effortless check-in and staff scheduling processes
- Easily book group services

Revolutionary guestsense.ai Technology

- **Revenue Optimization:** Innovative, AI-based Minimum Gap Restriction maximizes revenue by automatically eliminating unsold gaps in the schedule across web booking, mobile and central

- **Revenue Management:** Dynamic Pricing based on demand in realtime, and soon offering AI-based Dynamic Availability to automatically change the mix of services available to drive maximum profitability without changing service prices

- **AI-based Spa Concierge:** Conversational Reservations allows a guest to be served entirely by an AI Concierge to fully automate the entire reservation flow in a natural conversation--24 hours a day with an unlimited volume of calls

Seamless Guest Data

- Straightforward integration with Agilysys property management (PMS) solutions enables resort staff to combine spa services and streamline the guest's overall stay.
